TICKET OFFICE TO CLOSE SOON

Railroads to Abandon Consolidated Sales Place on F Street.

SEVEN ARE AFFECTED

Institution Established to Meet War Time Traffic Need.

The consolidated ticket office at 1229 F street northwest, which has served the traveling public since war time, will be discontinued October 1, it was learned from rail-

road officials yesterday. The seven railroads concerned are looking about for locations for independent offices. The Southern Railway System has just closed negotiations for the lease of the premises at 1425 F street northwest and will begin selling tickets at the new location October 1.

Location Secured.

The Chesapeake and Ohio Rail-coad Company and the Seaboard Air Line will open a joint office at 714 Fourteenth street the same date. The Atlantic Coast Line, which has occupied the location at 1418 H street since June 1, will start selling tickets at the same place October 1.

This leaves the Pennsylvania Lines and the Baltimore and Ohio without any site so far as is known. Representatives of btoh lines say that no instructions have been received yet from their respective headquarters.

Richmond, Fredericksburg and Potomac and Washington Southern Railway have not yet an-nounced their new location.
